Linguistic Geocomputation with R

George Moroz

2018-06-10

Contents

1 Introduction **5**
1.1 Why linguistic geocomputations? . . . 5
1.2 Why do we need geostatistics in linguistics? . . . 5
1.3 Why R? . . . 5

2 Introduction to R language **7**
2.1 Basic objects . . . 7
2.2 Vectors . . . 7
2.3 Dataframes . . . 7
2.4 Importing data to R . . . 7
2.5 Packages in R . . . 7

3 Map creation **9**

4 Linguistical databases **11**
4.1 Linguistical databases APIs . . . 11
4.2 Linguistical databases creation . . . 11

5 Spatial statistics **13**

6 Conclusion **15**

This book is about

Chapter 1

Introduction

1.1 Why linguistic geocomputations?

1.2 Why do we need geostatistics in linguistics?

1.3 Why R?

Chapter 2

Introduction to R language

2.1 Basic objects

2.2 Vectors

2.3 Dataframes

2.4 Importing data to R

2.5 Packages in R

Chapter 3

Map creation

Chapter 4

Linguistical databases

4.1 Linguistical databases APIs

4.2 Linguistical databases creation

Look 4.1 and 3

Chapter 5

Spatial statistics

Here will be a nice sections

Chapter 6

Conclusion
